Trail Description: Light to heavy snow, we will be checking the conditions before we head up the mountain

Equipment Required: tow strap, winch if you have one would be good to have as well, D rings, shovel, gloves heavy and light weight jacks, a spare blanket as well as plenty of water. And all the club standard safety equipment.

Permits Required: Forestry permit

Reminder to Bring: Bring lunch and extra water, chairs, basic tools, shovel, camera, extra weather appropriate clothing, etc.

Communications: CB Channel 4. HAM channel 146.580 MHz (DD1)

UPDATE

Because of the size of the group, we need to depart by 8:30 AM, so its about 40 minutes sooner then what the website says on the Run Departure time.

If you have a TRX 7 or the TRX 7 app on your phone I will be sending out the route later on tonight to the run leaders and will share with the rest of you after the run if you like.

We have decided to change up the run a little this year because of the size of the group and because it will be a little more interesting and fun.

Please get signed in as soon as you arrive. Everyone over 18 must sign in. If you're a guest of the club, please sign the second sheet. We will have four sign-in locations and will move it along as quickly as possible.

Deflate your tires after you have signed in.

Remember that the closest restrooms are at the Valero Gas Station in Running Springs. All the campground restrooms are closed for the season, so, if you know of other restroom locations (beside behind a bush), please help us all out and share.

Really looking forward to this run. See you all Sat.

Temp this weekend in the low 50's
