Trail Meeting Times: to be determined.

Trail Description: The plan is to hit the Trails on Apr. 2 and wheel Monday, Tuesday, Wednesday and Thursday and Head home Friday the 6th. The Trails have not been decided as of yet. we will have a pre-run get together to discuss and finalize on January 13th, 2018.

Special Equipment: Please be prepared for challenging Trails. 35 in. Tires. 3 Inch Lift, with at least 1 locker, 2 LOCKERS HIGHLY RECOMMENDED. Expect Rugged Terrain so the potential for body damage is High. We will be going on some pretty extreme Trails and your RIGS NEEDS to be adequately set up.

MOAB has many Trails that are rated, Easy (Green Circle) ,Moderate (Blue Square) and Difficult (Black Diamond). Days that the Main Club Group tackles a trail that a less capable rig can safely maneuver a less challenging trail could be scheduled for that Group so that everybody can enjoy the value of their experience.
