If you have service that morning and cannot attend Saturdays service, let us know, if we have enough folks who are in the same boat we will move it back an hour to 10, please email me ASAP with your attendance.		

# RUN ANNOUNCEMENT

## 2019 Dirt Devils Run Leader Training Camp

The game plan is to help our run leaders and future leaders with planning and executing a successful run. With that said, our goal is to get more members involved in the club and make all members readily available to take on or over a run if ever needed in an emergency or due to a run leader needing to cancel because of a family emergency. After being in a few clubs now I have noticed that the runs always seem to be led by the same group of folks, not that it's a bad thing, it's more that we tend to see the same runs every year, this gets a little old and that's the bad part, unless it is a great fun trail, then it is no issue right? Anyway, the bottom line is we would like to see new faces at the front of the line. It is a bragging right to say that everyone in the club is a run leader, we do not have that now, we would like to change it and this is the first step. So please come out, I promise y the end of the class you will be able to handle a run on your own and know all you need to know to make it a great event for all who attend.

### **What we will be covering:**

1. How to plan a run.
  2. How to properly fill out all Run forms.
  3. How to fill out all Trail collected forms.
  4. What to plan for.
  5. What to Expect.
  6. What to Bring.
  7. Who should be spotting and who should be leading.
- Break Time

### **Safety side of the Run we will be covering:**

1. What to safety equipment will you need to bring.
  2. What Recovery Gear do you need to have.
  3. How to use the recovery gear.
  4. Proper spotting techniques.
  5. When to toss in the towel on a stuck vehicle and wench them out.
  6. How to Read a Map.
  7. How to plan a route on the TRX7 or other GPS devices.
  8. We will discuss the pros and cons of the various radios and cell phones.
  9. Proper Tire Pressure.
  10. Tire sizes.
  11. Lockers and Open diff's
  12. Basic problem areas of the JK's and how to trail fix them.
  13. AND MORE!!!!!!
