The Trail is also known as the Jackass Mail route, look it up and learn more about the Jackass mail. The trail is very scenic, and has two-way traffic on it, most traffic is heading up, but be prepared for the opposing traffic. We hope to see many of the native flowers on the hills on the way up. Once we get to the top we will air back up and head over to the Julian Station for some lunch and cool libations. Handmade sodas, Hard Ciders and local wine as well as really good food can be found.
