| Special Equipment      | <b><u>Please bring your rig that you run the trail with, bring note pad and pen, hat, and chair.</u></b>  |   |   |
| Trail Description      | When I first got into the sport, I attended every run I could, I was asked to lead after a bit, but I never felt comfortable leading a run. I felt that the guys leading had several years and a ton of knowledge that I was just lacking to feel comfortable leading. We Dirt Devils do not want you to feel that way, we want to help you get past that fear, by sharing what we know with you so you will come away feeling ready to step up and help out. Remember that we are all volunteering our time to make sure that everyone is safe and has a great time on the trails. |   |   |

# **RUN ANNOUNCEMENT**

## **2021 Dirt Devils Run Leader Training Camp**

This will not be an all-day event, we would like to keep the time limited to around 4 hours, so you can still enjoy the day. Email me ASAP with your attendance.

This run is to help our run leaders and future leaders with planning and executing a successful run the DD way. With that said our goal is to get more members involved in the club and make all members readily available to take on or take over a run if ever needed in an emergency or due to a run leader needing to cancel a run.

After being in a few clubs now I have noticed that the runs always seem to be led by the same group of folks, not that it's a bad thing, it's more that we tend to see the same runs every year, this gets a little old and we want to expand our runs every year. Anyway, the bottom line is we would like to see new faces at the front of the line. It would be a huge bragging right to say that everyone in the club is a run leader, we do not have that now but with your attendance we will make it happen.

So please come out, we promise by the end of the class you will be able to handle a run on your own and know all you need to know to make it a great event for all who attend.

### **What we will be covering:**

1. How to plan a run.
2. How to properly fill out all Run forms.
3. How to fill out all Trail collected forms.
4. What to plan for.
5. What to Expect.
6. What to Bring.
7. Who should be spotting and who should be leading.

Break Time

### **Safety side of the Run we will be covering:**

1. What safety equipment will you need to bring.
2. What Recovery Gear do you need to have.
3. How to use the recovery gear.
4. Proper spotting techniques.
5. When to toss in the towel on a stuck vehicle and winch them out.
6. How to Read a Map.
7. How to plan a route on the TRX7 or other GPS devices.
8. We will discuss the pros and cons of the various radios and cell phones.
9. Proper Tire Pressure.
10. Tire sizes.
11. Lockers and Open diff's
12. Basic problem areas of the JK's and how to trail fix them.
13. **AND MORE!!!!!!**

No Alcohol please.
