Trail Leader	Tim Thomas		
RSVP Required?	Yes	714 398 7800	timet@sbcglobal.net
Rating	Moderate		
Run Description	Race Track through Hunter Mountain Road/Lippincott Pass, Marble and Cottonwood Canyons, and Titus Canyon		
Trail Description	<p>Day 1: With this excursion, be prepared to camp as the plan is to complete trails beginning with travel to see the famous and very popular Racetrack through Hunter Mountain Road. After we reach the Racetrack, we will travel back through the Lippincott Pass back to Saline Valley Road heading south to where we started. Next is to travel East on the 190 to Stovepipe Wells to head a slight North on what is first a paved road of a campground leading to the next trail. As we reach our destination traveling East on the 190, we will decide on how to set up a camp to where we accommodate all our Dirt Devil Members and guest to a situation where we are comfortable and can enjoy each others' company through the rest of the day and evening.</p> <p>Day 2: Stovepipe Wells has a gas stop and restroom that will be the next meeting location once again at 8AM. As we continue, we will travel to Marble Canyon for a view of the Cottonwood Mountains and next into Cottonwood Canyon to see a cave. We will then loop back and finish with Titus Canyon. In order to reach Titus Canyon, we will be heading northeast from Stovepipe Wells on Highway 190 and connect to Highway 374 towards Beatty, NV. The start of Titus Canyon is on the left 6.5 miles East of state line. With travel through this trail and depending on time, we will have some moments for Vista Points, some old buildings, geological rocks, petroglyphs, as well as possibly exploring a ghost town and mine. As we finish, we will make time for a stop at Scotty's Castle and/or Ubehebe Crater. Depending on everything, I will find camping nearby in the park at these final points of interest or another source outside of the park before heading home the next day.</p>		
Meeting Location	Day 1 Address: Chevron Gas Stop 1900 S Main St Lone Pine CA 93545 Day 2 Address: Death Valley National Park, 51880 Highway 190, CA 92328		
Meeting Time	8AM		
Trailhead Coordinates	Day 1 Coordinates: 36.59735007449466, -118.05029338446164 Day 2 Coordinates: 36.606496761960706, -117.14510423918999		
Vehicle Limit?	12-15		
Vehicle Setup	No special equipment needed. Stock OK		
Radio	Ham: DD Primary (145.585MHz)	CB: Channel 4	

Permits Required?	Be prepared to Pay General Fee as we enter a National Park
Fees?	Be prepared to Pay General Fee as we enter a National Park
Members	Bring your Club Membership Card to expedite Club Liability Waiver requirements.
Guests	Please sign BOTH SIDES of the Participant Agreement and bring with you.
Cautions	BEWARE of RATTLESNAKES. Bring meals and extra water, chairs, basic tools, flashlight, shovel, camera, extra weather appropriate clothing, etc. The weather changes quickly. Please be prepared.
Notes	As always and although the trails are not difficult ratings, be prepared with all necessary tools and equipment. Be sure to have plenty of layers of clothing and jackets, sanitizers, food, and water. I would plan on carrying some reserve tanks of gas due to the expensive prices in general, but especially in the Death National Park. Through this adventure, we will be covering possibly 200 plus miles of travel. I will provide more accurate information on the miles traveled very soon.
