Trail Description: John Bull is one of the most difficult trails in the Big Bear area. The first half of the trail lulls you into a false sense of security. When you hit the second half of the trail which starts just after the gate keeper, you are in for fun. The next three miles are filled with ledges, boulders, rocks and trees. We will be stopping for lunch along the trail so be sure to bring a chair, water and your lunch.

Difficulty: Difficult

Special Equipment Required:

- ☐ Front and rear recovery points
- ☐ At least one locker (two is better)
- ☐ 35" tires and an appropriate lift on a short wheelbase vehicle and 37's and an appropriate lift on a longer wheelbase vehicle.
- ☐ Rock sliders, skid plates or armor will not eliminate the possibility of body damage but may reduce its likelihood or severity

Special note: This is a Jeep Badge of Honor Trail. For those that would like to collect a badge after completing the trail, be sure to download the "Jeep Badge of Honor" app from your favorite app store prior to heading to the trail.
