Editors Message:

Meeting location change. We will be meeting at Zitos Pizza 2036 Tustin St, Orange. Zitos is offering us a 10% food discount during the meeting.

Josh is looking for volunteers to co-host the adopta trail program with Josh.

Every month, run reports are what I look forward to reading the most, keep them coming. Run leaders run reports don't have to be long but I want to keep our club membership in the know.

Cal4Wheel

Win a new Jeep and keep trails open

<http://cal4wheel.com/store/win-a-jeep-tickets-458#.V9W2jY-cGJ4>

- Another solar farm is being installed on Razor Road.
- Obama did another land grab in Nevada.
- a small percentage of our gasoline tax goes towards keeping trails open. The state park service would like to divert those funds to the park service. Gas tax is still an issue, need to keep that one alive

Adopta Trail

Josh needs help with the adopta trail program.

24th AAT BBQ Big Bear Lake

Off Road Clinic Gold Mtn Trail

Had 11 rigs. Had two incidents. Mike was spotting for Laura and she went into a tree and got a dent. Terry had a radiator go out right before the lunch stop.

Had a three chain pull to get him over the obstacle and then pulled him the rest of the way up the trail as they could not fix the radiator and towed him to the highway and AAA picked him up.

Discussion, does this training run qualify for the cow bell and it was decided, it does qualify.

Rob R. He got stuck on a rock and had to be pulled off. Went up Suicide

Hill. Finished the trail about 1:30 and aired up. Ran into the construction on the

91 freeway on the way home. Ended up getting home about 3:30:

00.

four members stayed the night and ran Dishpan Springs the next day.

Josh went up a hill, almost rolled and had to be winched. (Josh blamed his rear lockers, maybe he should have attended the off road clinic.)

Holcomb Valley closures

Inland Empire 4 wheelers is working with a ranger. To keep the trail open. The forest service are concerned with erosion and offroaders getting stuck. Inland Empire 4wheelers are going to assemble an emergency response

team to get people out. There is still discussion about closing trails when wet. Last month's emails did have an impact.

Little John Bull Night Run

On Saturday August 13th we completed a night run on Little John Bull and Holcomb Pinnacles. This was a moderate trail apx. ~10 miles off road. We had perfectly clear weather which allowed a great view of the night sky.

We had a total of 13 vehicles (9 member vehicles and 4 guest vehicles):

Jack & Zoe (member)
 Andy, Ginger Lamar & Son (guest)
 Brian Powell (member)
 Dave & Linda (member)
 Doug Wood (guest)
 Frank Gilliland (member) & Chris Wood (guest)
 Jacki Maybin (guest)
 Joe Cowie (member) & Bill Matsubara (guest)
 Josh, Raelene & Son (members)
 Mike & Laura (member)
 Mike and Nancy (members)
 Rob Rien (member)
 Suhag Patel (member)

We met up at Rocky's Roadhouse at 6.30 *PM* and headed up to Baldwin Lake where we met the rest of the group who had just completed the Gold Mountain day-run for the off-road clinic. We aired-down at 3N16.

Everyone got to thoroughly test their off-road and rock lights. Everybody's lights were blazing. There must have been 100,000 lumens glowing on the trail. Those without rock lights wanted to get some, and those with lights wanted even more!

Coming down the Holcomb Pinnacles Rob took a difficult line and high centered on a 3 foot drop off where needed to be winched off.

At 11pm half of the group headed out and the rest continued on for another ~10 miles to the top of Suicide Hill (3N17) to enjoy the night view. The city lights view was amazing, and there was a cool glow around the moon. After a half hour of ooh's and ahh's, we set off down the back side of the mountain.

The group aired-up at 12:30 *AM* and departed from there. In all, an awesome night run with friends, some exciting 4 wheeling and great company. Everyone enjoyed the trip and want to do another night run in the future.

September

17th Holcomb Creek & Larga Flat, Big Bear

Run Date: Saturday September 17th

Trail Organizer: Jack & Zoe

RSVP: YES, call or text 909-213-6787

Equipment Required: High ground clearance, off-road tires and low range required. Rear locker, skid plates and 33 inch tires or larger recommended. We have seen stock SUVs make it but with damage.

Difficulty: (1=Very Easy, 5=Extreme) Trail rated 3.5 moderate, due to boulder fields with no bypass (note most of the trail is easy).

Meeting Time: 8:30am. Go over rig readiness and trail plan, leave at 9:00am. Day trip only.

Meeting Location: We will meet at Rocky's Roadhouse (32150 Hilltop Blvd, Running Springs, CA 92382) i.e. usual spot next to the 76 gas station. From there, we will drive to 3N16 past Crab Flats to Larga Flat (2N06X) trail head. Then up to Holcomb Creek (3N93) and back down to 3N16.

Trail Description: Total apx. ~6 miles off road (allow 4 to 5 hours). You can expect to encounter large boulders, tippy terrain, puddles and moguls on sections of the trail. The US Forest Service rates this trail as Black Diamond Most Difficult trail and it is not recommended for stock SUVs. Body damage and breakage are possible. Elevation ranges from 5600' to over 6500'. Wet tires add to the difficulty as the trail crosses Holcomb Creek in a few areas.

Permits Required: Yes, Adventure Pass. \$30/yr or \$5/day, available at most local grocery/gas/ranger stations.

Communications: CB Channel 4 and/or HAM channel 146.550 MHz (club simplex #2)

Reminder to Bring: Bring lunch, snacks and extra water, chairs, tools, shovel, camera, extra weather appropriate clothing, etc.

Weather: If heavy wind or rain the trip will be canceled.

Departure: We will leave on 3N16 near Crab Flats and head up towards Green Valley/Running Springs and exit out on Highway 18.

24th AAT BBQ

October

1st Miller jeep trail / Lockwood Creek

Run Leader: Pete Johnson

Run date: Oct 1, 2016

Trail Leader: Pete Johnson [pete.johnson \(at\) slc.ca.gov](mailto:pete.johnson@slc.ca.gov)

Meeting Time: 8:30 AM Leave at 9:00 AM

Meeting Location: Flying J Gas Station in Frazier Park. (Frazier Mtn exit off I-5). We will gas up at the Flying J and then drive to the trail head.

Trail Description: Moderate trail. The first part of the trail is steep switchbacks and has some pretty good steps going up. Erosion may have increased the difficulty of some of these since the last run. A rear locker is recommended. The trail then follows ridgelines across the hills through a burnt out area and then drops down a series of switchbacks to Lockwood Creek.

We will most likely stop for lunch at Piru Creek and then head up the hill on Miller Jeep Trail through two miles of rock garden to Dutchman Camp near the summit of Alamo Mountain. Add another 15 miles of easy fire road to descend the mountain to Hungry Valley OHVA.

Special Equipment: Minimum 31" tires but could have some trouble. Rear locker and high ground clearance strongly recommended.

Adventure Pass: Enforced. You can purchase the pass at some of the stores in Frazier for \$5 per day.

Camping: Camping is available at Hungry Valley Recreation Park. Several camping areas are available in the Hungry Valley OHVA, as well as up Alamo Mtn. Get off I-5 at Hungry Valley Road and head west about 4.5 miles. Campgrounds are on both sides of Hungry Valley Road near the jeep obstacle course, as well as right on Gold Hill Road. No reservations are necessary, but camping is on a first come, first serve basis. Camping is/was \$10 per night and is collected at the ranger kiosk at the park entrance. Neither drinking nor non-potable water is available anywhere in the recreation area. BYO.

Cowbells

The cow bell rules are: If you get stuck and are unable to move under your own power and need the help of a winch or you get strapped from one of your fellow jeepers then you have earned the privilege of hanging the cow bell from your front bumper. You must leave the cow bell on the front of your rig until another Dirt Devil gets stuck. Then you proudly hand it over. While on the trail, not on the highway to the trail.
