

The Dirt Devils Digest

Award winning publication.

February 2017

A monthly publication of the Dirt Devils

<http://www.dirtdevils.org/>

Editors Message:

The Dirt Devils holiday party was a success, Chris and Allison deserve a big thank you. Josh won the Dirt Devils perennial Dick Cepek poster.

Wow, Cleghorn had 25 rigs show up. all made it through successfully with only a few close calls.

Our first adopta trail event (depending on weather) is coming up March.

If you are run leader, prepare your run announcement 2 months in advance. Send a copy to the newsletter editor and the webmaster. If a run is planned and no one knows about it will they come?

The Johnson Valley run in March are on the last page of this newsletter.

See you on the trail.

Ron Webber Editor

carnage. Thank you Brad Lark for providing a great camping spot.

16th comment deadline for a proposal to add 22,462 acres to Joshua Tree National Park (Thank you Keith)

From the Federal Register

On behalf of the National Park Service (NPS) and subject to valid existing rights, the Secretary of the Interior proposes to withdraw approximately 22,462 acres of public lands for 20 years from all forms of entry, appropriation, or disposal under the public land laws; from location, entry, and patent under the United States mining laws; and from disposition under all laws pertaining to mineral and geothermal leasing, and mineral materials, and all amendments thereto and to transfer administrative jurisdiction over such lands from the Bureau of Land Management (BLM) to the NPS for administration as part of Joshua Tree National Park (JTNP). This notice temporarily segregates the lands for up to 2 years, gives the public an opportunity to comment on the proposed withdrawal application, and announces the date and time of a public meeting.

DATES:

Comments must be received by February 16, 2017. A public meeting on the proposed withdrawal was held on January 18, 2017 from 6:00 to 9:00 p.m. at UC Riverside Palm Desert, 75080 Frank Sinatra Drive, Palm Desert, California 92211.

Addresses:

Comments should be sent to the Superintendent at Joshua Tree National Park, 74485 National Park Drive, Twentynine Palms, California 92277.

For Further Information Contact: David Smith, Superintendent, Joshua Tree National Park, 760-367-5502 or Doug Herrema, Field Manager, Bureau of Land Management, Palm Springs South Coast Field Office, 760-833- 7100.

Adopta trail run leaders: Josh & Roy

I will assume our trail is covered in snow and once the snow melts will be full of very large ruts.

When you volunteer begin logging your hours when you leave your home and stop the clock when you return home, count hours for each vehicle and each person. We anticipate increasing our hours by doing a better job of calculating time.

The forest service would like at least one person in each adopta trail club to take a first aid class.

Run Calendar

Adopt a Trail meeting place

8:30am at Rocky's Roadhouse
32150 Hilltop Blvd Running Springs, CA 92382
next to the 76 gas station

February 2017

25th Devils Loop night run

Trail Leader: Ray Kleinhuizen (Cell 714-300-9656)
raykaavy@gmail.com (RSVP: yes to trail leader)

Trail leader is staying (Fri.&Sat.) at the Hampton Inn,
2710 Lenwood Rd, Barstow CA., (760) 253-2600

Dry camping is allowed anywhere in the Stoddard Valley OHV area. This can be done as a day trip but please understand we won't be off the trail until at least 10pm

Meeting Location: From LA/OC take the 15 Fwy North to Lenwood Rd. exit. Turn right on Lenwood rd. then left on Mercantile Way by the 76 gas station pull into the dirt area on the right and look for the Jeeps.

GPW coordinates: N 34° 50.898", W 117° 04.866"

Meeting Time: 5:30 pm, There are several restaurants and gas stations in the area arrive early if you plan to eat before the run.

Trail description: We will take a sandy wash from the meet spot to the start of the Devils Loop trail. The devils loop is a moderate trail located in the Stoddard Valley OHV area. This is the trail that the club leads at HDR. The trail has lots of rocks of all sizes and shapes. We start the trail at the gate keeper. The largest obstacle on this trail. Next is a rocky hill climb then back down through a rocky canyon. A few more rocky obstacles takes us to another rocky hill climb. At this point we will loop back through the same rocky canyons and obstacles. Before getting back to the gate keeper we will head east through a narrow wash with a few rocks along the way. We finish the rocky sections of the run with a long rocky canyon with a few drop offs and several big rocks. The return

trip to the Lenwood rd. meet spot is via the sandy wash. There are bypasses for all but one of the rocky obstacles.

Trail Rating: Moderate (see Dirt Devils Trail Ratings on our web site.) On a scale from 1 to 10 were 1 is a graded dirt road and 10 is the most difficult hammer trail. Devils Loop is a 6.

Special Equipment Required: 33 inch tires with at least one locker is recommended, body/wheel damage is possible. Off road lighting and/or rock lights are recommended.

Cowbells

The cow bell rules are: Cow bells are awarded from air down to air up. If you get stuck and are unable to move under your own power and need the help of a winch or you get strapped from one of your fellow jeepers then you have earned the privilege of hanging the cow bell from your front bumper. You must leave the cow bell on the front of your rig until another Dirt Devil gets stuck. Then you proudly hand it over. While on the trail, not on the highway to the trail.

Johnson Valley Hammer Trails and camping trip

When: March 11,12 2017- Camping Friday & Saturday night with scheduled runs Saturday and Sunday

Where: Johnson Valley OHV (THE HAMMERS)

Campsite/ Run meeting location: Campsite @ Valley Vista Airport (Landers). Daily runs will stage here at 9AM and depart @ 9:30 AM. **(DO NOT DRIVE ON ANY AIRPORT PROPERTY AT ANY TIME)** more info below.

Coordinates: 34.337231, -116.579934

Trip description: There are a couple of options if you choose to join us for this trip. I will be leading two trails in hammer town. Claw hammer trail on Saturday, and Sledge hammer on Sunday. More on both of these below. There are some easier trail options in the area if you would like to go out and explore. The area has a lot to offer if you just want to come out and camp with some good people and check it out. I have included details about the camp site and lodging options below.

Area and trail descriptions: Hammer town and the trails in this area are HARD! Very HARD! These trails I have chosen are both short and considered to be some of the easier trails for this area, but make no mistake, this is a whole different level. Body damage and breakage is very possible even probable. We had 3 of 5 vehicles use their winches last time we ran Claw hammer but nobody got any damage. The time before some of our larger vehicles did take some dings but no breakage. As a result, I am going to limit the number of vehicles on these trails to 12 and ask that you RSVP directly to me. I will probably ask you questions about experience and vehicle build as I want to be sure you are prepared for the level of trail we are going to run. Please don't take it personal, I just want to get to know who I'm guiding through. There are a ton of videos on youtube for both of these trails and I would encourage you to watch some to acclimate yourself. I have attached a couple of links below that

include a detailed write up on the area as well as some videos that seemed fairly accurate in their representation. Try to picture yourself on those obstacles in your Jeep and ask yourself if this is something that you want to try. That being said, I don't want to scare you, they are REALLY Fun! We have done Claw Hammer as a club run with about 12 vehicles and it went very well. A couple of people turned back but most made it thru unscathed and we finished before dark. This area is like an off-road playground and if you have never been there. You should really check it out. There are continuous talks about closures and limited use of this area and who knows how long it will be open. It is an amazing resource. Rattlesnake canyon and Mattina wash trails are also close by and would be a good alternative if you are into the camping weekend. I can help you find your way, but I will not be running those trails on this trip.

Hammers trail map (Dirtopia): http://www.dirtopia.com/wiki/File:Johnson_Valley_Trails.JPG

Four wheeler mag guide to the hammer trails: <http://www.fourwheeler.com/events/131-9903-guide-to-the-hammers/>
<https://www.youtube.com/watch?v=-vMFHt3VpXk> (sorry for the music)
<https://www.youtube.com/watch?v=8rvN11IyZZQ>

Saturday (3/11/17): Claw Hammer: Meeting @ 9, Departing @ 9:30 AM. This is the easier of the two trails.

Sunday (3/12/17): Sledge Hammer: Meeting @ 9, Departing @ 9:30 AM. One of the original trails in the area. It has trail signage and mail box to send for help if you get stuck. HAHA

Difficulty: D+

Minimal equipment: Short wheelbase 35's with front and rear lockers. Long wheel base 35's with both lockers. Full skid plates highly recommended. Expect me to ask you questions about this when you RSVP. Driving experience will be a huge factor here as well. Ultimately preservation of your beautiful Jeep is my goal :)

Camping details: This is a private campsite owned by one of our members who is gracious enough to let us use it. It is about an acre of graded, packed dirt with a couple of vehicles and a shipping container on it. It is located next to Valley Vista Airport. The access road to the camp is a little soft but still accessible trucks and trailers, and large RVs. You can put "Valley Vista Airport" into most GPS and it will either come up with a Yucca or Landers address. But it leads you to the right place. About 2 miles West of Boone Road off 247 is Valley Vista Road. Head south on Valley Vista for 2 miles until you T-bone Quailbush Road at the airport. I will be there and will help direct folks into camp. The camp has the red fire truck, white 5th wheel RV and red/ brown shipping container. It's a fun spot, and just a couple miles from the Boone Rd entrance to JV.

Again, I need to mention:

THIS IS AN ACTIVE AIRPORT (dirt runway) and we are not allowed to drive on it!!!! if you are going to bringing a large and you have to drive across then arrange with Brad Lark (property owner) and or Josh we will spot, otherwise stay off the runway!!!! This is for your own safety and the pilots safety.

We are going to get a port-a potty rental for the weekend and there are no service hook ups or showers here. We will have plenty of space to spread out and will be very close to the trails though. I could also use some help with firewood if anyone has a resource here. It would be greatly appreciated!

I'd like to get an idea of who will be able to make it and we can talk about food for the weekend. Maybe we can do a pot luck? If you are going to join us for day use please be sure to bring your lunch and plan to eat out on the trail.

Hotels in the Area: Best western yucca valley (30 min from camp) [\(760\) 365-3555](tel:7603653555) There are also options closer but they were questionable so I did not include them in my write up.

Weather: TBD. I know if we have any moisture I do not want to run anything in Johnson Valley. They are hard enough when its dry.

View of camp from Brad Lark's airplane, runway is on the left or behind camp area. Yes, that is an airport hanger at the top right.

The dirt road at the bottom of the picture is the entrance to Lark Ranch.
