

HAM RADIO TECHNICIAN EXAM QUESTION POOL W/ ANSWERS

Postby poprocks » Sat Jun 25, 2016 1:27 pm

This is the pool of questions used for the Ham Radio Technician Exam (Element 2), the basic Ham Radio license. The graphics file is included. The license allows access to all VHF/UHF Amateur bands (frequencies above 30 MHz) and limited operations in certain HF bands. The Technician license exam is a 35 question test drawn from this question pool of 426 questions. You must correctly answer a minimum of 26 questions on the exam to obtain a Technician license.

Exams in your area may be found using <http://www.arrl.org/find-an-amateur-radio-license-exam-session>
