

Sherman Pass Jeep Run - 8/31 and 9/1/2019

Saturday, August 31 the day run of Monache Meadow started at 9:30 am. Scheduled to leave at 9:00 am we were sidetracked with a great breakfast of scrambled eggs, bacon and pancakes provided by Alan and Jasmine.

14 Jeeps and 1 Toyota aired down at Troy Meadow Campground to begin our journey to Monache via Jackass Trail, our newly discovered dirt road route located less than a mile from the campground. Halfway up Jackass we catch up with another Toyota providing a trail of jeeps between 2 Toyotas for a short distance.

We entered Monache trail with excellent weather somewhat clouded by smoke from a fire which began from lightening. The Forest Service had everything under control.

Lunch was had in a nice shady area along the Kern River. Monache is considered an easy trail.

The day ended back at the campground with Mike's famous Jambalaya and lots of side dishes provided by the group. After dinner we all circled around the campfire enjoying Ray and Karen's makings for S'Mores.

Sunday, September 1 we started out with 13 vehicles. Left Troy Meadow shortly after 8:00 am and stopped at viewpoint for a group photo. Aaron, with the only open topped jeep, requested a move up the line to avoid trail dust. For the rest of the day he was the designated trail leader. Great job! Aaron. Returned to the campsite and feasted on Alan and Jasmine's tacos with all the fixings. It was a BEARable weekend. Thank you all for showing up:
