

## **Mojave Road 4/5/24**

Mojave Road run started on Friday 4-5-24. We had 3 members Dave, Randy and Myself

We met in 29 Palms at a diner and had breakfast burritos. Then we headed to Amboy, topped off with fuel, proceeded north to the New York mountains where we camped for the night. The rainstorm that chased us out of Orange County in the morning caught up to us about 5 pm. The elevation we were at was 5500 ft and the temperature was 27 degrees. It snowed on us for about 2 hrs and we spent the time chopping firewood and stoking the fire.

The next day we headed west and explored trails through the Joshua trees, we had a delay waiting for 3 trains to clear the road over Kelbaker Road. Got to our 2nd night camp around 4pm, it was sunny and warm.

Day 3 we headed southwest to Newberry Springs fueled up at hit the road for home.
