

**Run Report**  
**AAT 6/14/25 Polique/Gold Fever**

We had 5 Jeeps, with 5 Dirt Devil Club members and 1 guest for the Adopt-a-Trail. We met at 9AM completed our paperwork and headed out to the trail. We found the trail to be in good condition and fairly clean, however there was a large piece of carpet that required some work to get it cut up and bagged. After completing the trails we all headed over to the Mountain Top Ranger Station where we disposed of the trash.

At the conclusion of our AAT duties 3 of the remaining Jeeps/Members and the 1 guest headed over to Gold Mountain for some well deserved fun after our work day. We had a fun afternoon on Gold Mountain with everyone getting through all the obstacles unassisted, no cowbells were earned.
