

Run Report

High Desert Roundup (HDR)

Run Date: May 23 to May 25, 2025

Trail Leaders: Ray and Karen Kleinhuizen

Total No. Rigs: 4 Jeeps on May 23, 24 Vehicles (10 Members, 14 guests) on May 24, 17 Vehicles May 25 (7 Members, 10 Guests)

Members: 10 for the event

Guests: 14 Saturday 10 Sunday

Description: This was a Cal 4 Wheel event supported by the Dirt Devils Club.

May 23: Four club members ran the Devils Loop trail. This was for marking the trail and setting up trail turn markers.

May 24: A total of 24 Vehicles ran the Devils Loop trail. The Dirt Devils led the run. We had member support at the start of the trail gate keeper where 4 guests needed winching help. We also provided help at places on the trail where assistance has been needed in the past. We made it through with minor assistance provided to guests along the way.

Near the end of the trail a Dirt Devil club member's starter failed. That club member was strapped between two vehicles and towed back to the Dirt Devils camp behind the Slash X. A replacement starter was located in Barstow and installed in camp. The vehicle was repaired and operational before dinner. The club member earned a cow bell.

May 25: A total of 17 Vehicles ran the Devils Loop trail backwards. We had member support at the start of the trail gate keeper where 1 guest needed winching help. We also provided help at places on the trail where assistance has been needed in the past. We made it through with minor assistance provided to guests along the way.

Cowbells: Anyone need to be winched or strapped or towed?
