Bailey Canyon Road is an easy scenic route from Devore up to Silverwood Lake then east to Lake Arrowhead via Pilot Rock Road. We all began at McDonald's off Highway 15 at the Sierra offramp where we held our drivers meeting.

Made a short hop over to the trailhead where we got aired down.

Trail Conditions were good on all trails / roads traversed. Lots of Side by Sides sharing the road with us made for some tight squeezes to get by.

Navigational faux pas... NONE!

I really need to get a better Nav for the jeep!

Lunch was enjoyed at a wide spot along Pilot Rock Road

Smooth sailing the rest of the way with a couple extra credit option along 2N36.

No Cowbells... but some spotting required to get the right line for traction.

We then made our way back down civilization by 03:00pm
